

Inverness Loch Ness & The Cairngorms

Inverness is regarded as the capital of the Scottish Highlands and lying at the mouth of the river Ness with water flowing from nearby Loch Ness it provides a great base to explore the surrounding highlands.

It has all the elements for an exciting visit, from the growing culinary scene to the markets where you can indulge in some retail therapy and not to mention the numerous beautiful walks. Make sure to take a wander through the city Centre to enjoy views of Inverness Castle and St Andrews Cathedral, then stroll back along the riverbanks of River Ness where you can reach Ness Islands by crossing the suspension bridge.

A trip to Inverness wouldn't be complete without a visit to Loch Ness where you can try and spot 'Nessie' before setting off to explore the Cairngorms.

The national park has a host of activities to keep you interested no matter what the time of year. In summer there are top-class mountain trails and walking routes, and in the Winter plenty of skiing options.
