

York is a walled city in northeast England that was founded by the ancient Romans and is the perfect holiday destination for couples, families and groups. Renowned for its exquisite architecture, tangle of quaint cobbled streets, iconic York Minster and wealth of visitor attractions. Nowhere in northern England says 'medieval' quite like York, a city of extraordinary cultural and historical wealth that has lost little of its pre-industrial lustre. A magnificent circuit of 13th-century walls enclose a medieval spider's web of narrow streets. At its heart lies the immense, awe-inspiring York Minster, one of the most beautiful Gothic cathedrals in the world.

York's long history and rich heritage is woven into virtually every brick and beam, and the modern, tourist-oriented city – with its myriad museums, restaurants, cafes and traditional pubs – is a carefully maintained heir to that heritage. Perfectly placed half-way between London and Edinburgh and with the glorious Yorkshire Dales, North York Moors and Wolds right on the doorstep, York is unlike any other English city.
