Share your experience with us, we would love to hear about your trip or any recommendations; email: [joinin@justgo.uk.com](mailto:joinin@justgo.uk.com)

Just go has compiled this range of destination guides to give you a taste and feel of what the UK and Europe has to offer. Every effort has been made to maintain accuracy but we regret that we will not be held accountable should any information be incorrect.

## 1<sup>st</sup> Time users Guide

[www.justgo.uk.com](http://www.justgo.uk.com)

If you are new to holidaying in a motorhome, or it has been a few years since your last outing, we hope this guide will help address some of the commonly asked questions our staff at Just go receive.

## Where can we stay?

Whether it's peace and quiet or an action packed adventure that you are looking for we can help. At our depot we have a wide range of leaflets and itineraries.

[www.justgo.uk.com/tourist-information.html](http://www.justgo.uk.com/tourist-information.html)

We would recommend stopping at campsites for the duration of your hire. Dependant on the time of year we would suggest booking campsites in advance where possible, especially in the busier summer months!

## Fuel Consumption

Every motorhome goes out on hire with a full tank of **diesel**, we ask that you return it full. The most reliable station near to us that has diesel and LPG is Flamstead garage on the A5 (AL3 8HS). The motorhomes do approx. 25-28 MPG (approx.350 miles to a tank). Alternatively, save yourself all the stress and pre book our Fuel Refill package and we will refill your diesel, LPG and Adblue when you return.

### Upon return ...

Please arrive at the depot between 8-10 am to give yourself plenty of time to unload.

Please ensure you have taken the time to:

- **Fill up** diesel, LPG Gas, AdBlue (Ford vehicles only) unless you have pre booked our fuel refill package
- **Fill up** Fresh water (summer time only)
- **Empty** toilet cassette and grey water tank

*Charges will apply for being late and not returning items full or empty where required.*

## Your Rental includes ...

- ✓ VAT
- ✓ Unlimited Mileage
- ✓ Breakdown cover
- ✓ Comprehensive UK insurance for 1 driver
- ✓ Free transfers from Harlington train station
- ✓ Free luggage storage at our depot
- ✓ Free model specific tour before you depart

For further details on our Extras please see our website

## On-board Systems

**Fresh water** – The fresh water tank holds 100 litres, approx. 15 minutes of running water; A hose pipe is provided for re-filling the tank. The majority of campsites will have an outside water point to fill the tank.

**Grey water** – The grey water tank holds used water from your shower and sinks, and is easily emptied by a lever positioned under the vehicle.

**LPG system** – The heating, hot water & cooking equipment can run on LPG gas. The cooking equipment & heating will be ready to use immediately, however, please allow 35 minutes for your hot water. The gas bottle is supplied full on pickup and is required to be full upon return, which can be done at petrol stations which supply LPG.

**Power** – Each motorhome comes with a 20m long 240v hook up cable. This enables you to connect to a mains supply whilst at your campsite to provide power to the vehicle and charge everything on board. The leisure battery will charge when driving, when connected to the mains with the 240v cable and from the solar panel.

**Toilet cassette** – The toilet cassette will need emptying on a regular basis. This can be emptied at chemical waste disposal points offered at campsites or in a normal flushing toilet (please ask for permission first). We provide one toilet chemical dose to get you started on your hire. The cassette will need to be emptied before return to our depot, as we do not have any facilities on site for emptying.
