Road Trip

Germany, Berlin

Germany, Berlin

Since the fall of its world-renowned Wall, Berlin has busied itself with becoming one of the most stimulating creative and cultural centres in Europe.

These days it's a city of many faces, known equally as a hedonistic hub (parties here can go on for days rather than hours), a magnet for history buffs (the city was at the heart of much of the turbulent 20th century) and, increasingly, as a destination for families thanks to a wealth of green spaces that includes the sprawling Tiergarten, the Sunday flea market at Mauerpark and the Volkspark Friedrichshain.

Tales of Berlin's notoriously long and harsh winters send shivers up the spines of visitors before they've even arrived - but don't worry, they're not that much worse than those in Britain.

Still, the preferred time to visit is in the warmer months (April-September), when you can explore the city's waterways and parks, as well as the numerous lakes and sights that lie within striking distance of the centre.

Places to visit

Tour of Berlin

Modern Berlin seems a lifetime away from what it was during the Third Reich and Second World War but the traces of the Nazi regime and the suffering it caused are everywhere.

On this tour we ask ourselves how it all happened. How did a nation of people known for their level-headed thinking allow the greatest tragedy of the 20th Century to occur? How could the world lie sleeping while the Nazis built their war machine and solidified power?

EXIT Berlin - Live Escape Game

Berlin's most unique Live Escape Game located in an old East German bunker in Berlin Mitte. Inside more than 350 square meters we offer a completely new gaming experience for friends, family or business partners. 4 missions, over 30 players at a time, a maximum of 66 minutes..

Museum Island

Marvel at the architecture on Museum Island. At the tip of Spree Island, Museum Island is complex of five museums - Pergamonmuseum, Bodemuseum, Neues Museum, Alte Nationalgalerie and Altes Museum - that collectively enjoy Unesco World Heritage status.

While you'll need to pay entry to peruse artefacts within, strolling the island to take in the magnificent architecture costs you nothing.
