

Harrogate York and the Yorkshire Dales

Harrogate became popular in the 17th and 18th centuries when the growing popularity of the mineral rich spring waters created an influx of wealthy but sickly visitors. As a result Harrogate has some beautiful architecture, parks and gardens to discover. If the walking gives you an appetite head to Betty's Cafe Tea Rooms, a local institution that has been supplying a traditional English tea with Swiss influences for over 90 years.

Harrogate serves as a gateway to enter the Yorkshire Dales, one of the 15 National Parks of Britain. The scenery is characterised by rolling upland pastures separated by dry stone walls and exposed limestone. The limestone makes the area haven for cavers and several networks are open for the public to visit.

York became a significant settlement in Roman times but is best known for its medieval architecture, of which it has some remarkably preserved examples. Surrounding area there are numerous stately homes, Castle Howard among them and some excellent museums, namely National Rail Museum and Yorkshire Air museum.

Places to visit

Forbidden Corner

The Forbidden Corner is a unique labyrinth of tunnels, chambers, follies and surprises created within a four acre garden in the heart of Tugill Park and the Yorkshire Dales ideal for adventurers to explore.

The Forbidden Corner, Middleham, Leyburn DL8 4TJ
