

London is a diverse and exciting city with some of the world's best sights, attractions and activities. With so much to do, it's hard to narrow down the long list of reasons to visit, but below you'll find our top 10. You can't fail to be excited by London's amazing attractions. See the city from above on the London Eye; meet a celebrity at Madame Tussauds; examine the world's most precious treasures at the British Museum or come face-to-face with dinosaurs at the Natural History Museum. London's famous skyline continues to evolve. There are plenty of places to view the iconic skyline along the river, but make sure you take in a panoramic view of London from up high at locations such as View from The Shard. You're spoilt for choice when shopping in London; from the flagship stores on Oxford Street, to gifts and bric-a-brac at London's markets. Shop in Europe's largest urban shopping centre at Westfield Stratford, or visit an iconic department store such as Harrods.

Due to the limited accessibility in Central London to some of the attractions when using a motorhome and the parking & congestion-charges we suggest leaving your motorhome at the campsite, all listed have easy access to bus or train into London.
